Education

Williams College, Williamstown, Massachusetts

Graduation anticipated May 2025

- 3.88/4.0 GPA (0 courses taken P/F); Dean's List every semester; Bachelor of Arts in Computer Science
- *Relevant courses*: Advanced Programming & Data Structures, Algorithm Design & Analysis, Artificial Intelligence, Deep Learning, Statistical Modeling, Product Management, Product Design, Venture Capital, Global Political Economy
- *Extracurriculars*: Varsity Wrestling, Co-Founder of Williams Venture Studio, Williams Blockchain Coalition, Housing Coordinator

Technical Skills

- **Programming Languages**: Python, Java, SQL, R
- **Tools**: Git, PostgreSQL, Apache Spark, PySpark, Databricks, ClickUp, Linear, Google Workspace, AWS, Excel, PowerPoint, Canva, Adobe, RStudio, Stata, Figma, Visual Studio Code, LeetCode, Notion
- **Other**: Proficient in financial models & statements, term sheets, market & product R&D, product operations, pitch decks

Relevant Experience (Paid)

Meridian, New York, *Founding Team; Product Operations Manager*

May 2023 - Present

- Led compliance, operations, IT, and HR during US parent company founding
- Promoted to two-person team with Head of Merchant Payments; brought product to market with Deutsche Telekom
- Co-led EU subsidiary founding, merchant acquisition, partner and bank onboarding, product operationalization and roadmaps

BondCliQ, New York, *Co-head of Marketing Department; Product Manager*

November 2020 - August 2021, Summer 2022

- Led weekly marketing meetings, operations, and strategy for BondCliQ and collaborated with Engineering on ClickUp
- Led critical ETL project with CTO and Senior Engineer on large, disorganized data structures using Python, Java, and search and sort algorithms and developed SaaS products using SQL on newly organized data in Databricks to solve key customer pain points

ViableEdu, New York, *Founding Team; Business Analyst*

July 2020 - August 2021, Summer 2022

- Led business development, market research, project management, growth, operations, partnerships, marketing, and intern teams since founding; secured new clients such as Milken Institute, Lincoln Financial, 100 Women in Finance, and Girls Who Invest
- Co-founded and hosted [the Gen V Podcast](#) (interviewees include Anthony Noto, Linda Villarosa, and Salvador Gómez-Colón)

ViableMkts, New York, *Founding Team; Business Analyst*

June 2020 - August 2021, Summer 2022

- Full-time hire after summer internship to lead internal operations, growth, partnerships, web design, market research, marketing, and product and business development, in addition to similar external projects for clients, including Proclivity Systems and GTS
- Co-founded Viable360: a FinTech consulting arm of ViableMkts that offers tactical and technical business support services

Additional Projects

Various Computer Science Courses, Williams College

September 2022 - Present

- **Artificial Intelligence**: Designed back-end algorithms using search spaces, probabilistic reasoning, propositional logic, reinforcement learning, resolution, and Bayesian Networks to solve Wordle, Sudoku, Pacman, and Minesweeper games
- **Algorithm Design**: Designed greedy, divide-and-conquer, dynamic programming, graph, and network flow algorithms, in addition to algorithmic solutions to potentially intractable, NP-Hard, and NP-Complete problems
- **Advanced Programming**: Designed programs using graphs, stacks, queues, dictionaries, hash tables, files, and time complexity analysis to create a final exam scheduler, random word generator, coin strip game, and advanced search and sorting algorithms

Additional Leadership Experience and Passions

- **Varsity Wrestling**: Committed 20 hours/week during winter season to weekly competitions, daily practices, lifts, and film
- **Williams Venture Studio**: Lead weekly meetings and host annual pitch competition and summit for 200 alumni and students
- **Williams Blockchain Coalition**: Club member and partner, helping host events speakers, and build community on campus
- **Housing Coordinator**: Lead weekly dorm meetings, run campus social events, and foster inclusive community on campus
- **Phillips Academy Andover**: School co-president, dorm proctor, varsity wrestling co-captain, 5.6/6.0 GPA, 1560 SAT
- **Eamon's Take**: Founder and writer of Substack blog on new investment theses, startups, VC, AI, Web3, and other tech
- Introduced Fin Capital and Cultivation Capital to Entrio and OpsLab, respectively, for lead investments in their seed rounds
- Self-taught trumpet, electric guitar, freestyle rapping, chess, and Magic the Gathering
